

REMARKS

Applicant thanks the Examiner for the Notice of Allowance mailed on April 25, 2005. In reviewing that Notice, it became apparent to Applicant that the title of the invention indicated in the Notice is incorrect. The correct title is "System and Method for Dynamically Patching Code". Applicant respectfully requests that a correct Notice of Allowance be issued. Applicant invites the USPTO to contact the undersigned attorney at (770) 933-9500 if there are any questions as to this matter. Thank you.

Respectfully submitted,

David R. Risley
